

2010 Members' Conference Announced!

The United Food & Commercial Workers Union, Local 401 is pleased to announce that it will be holding a members' conference on April 24th to 29th.

The purpose of a members' conference is to allow educational opportunities for Union members, introduce members to their Union's goals, purposes and functioning, and create an ability for Union members to meet and interact with Union officials in a conference environment. In addition, members from different workplaces can interact and build solidarity. Indeed, the 2010 members' conference has a "Reaching Higher Together" theme. Today's economic environment obviously requires that workers act with solidarity in order to effectively advance their interests. "Reaching Higher Together" means finding that solidarity in its best form.

Find out more about the conference by clicking on the "Reaching Higher Together" members conference icon on this page on the website or watch for posters and pamphlets in your workplace regarding the conference.
