

## Spring Education Schedule Announced

We have announced the new education schedule for Local 401. If you are interested in any of the following courses, please contact your Union Representative as soon as possible as most of these courses fill quickly.

If you want to explore union myths and begin to understand why they exist in our communities, if you want answers to why some of our members think they don't like union's, then you may want to take a Shop Steward training course. These courses are reserved for those who are already Stewards or those just appointed by their reps.

If you see too many people getting hurt at work and you want to attempt to make a difference, then maybe you want to take the Health and Safety training course. You will learn how to read Legislation, the role of the Health and Safety Committee in the workplace and how work can affect the body at work.

If you have ever been interested in the Collective Bargaining aspect of work, and how we get to negotiate collective agreements, then the Collective Bargaining course is for you.

If you are interested in learning how to better communicate with others, then maybe the Public Speaking course or Facing Management is for you. In both of these classes we will learn more effective communication skills.

Shop Steward Edmonton Feb 23-26

Calgary March 2-5

Fort McMurray May 25-28

Health and Safety Calgary May 4-7

Public Speaking Edmonton May 10-12

Facing Management Edmonton March 8-10

Collective Bargaining Calgary May 19-20

We will schedule more of these courses in the fall so keep tuned to this website for all the latest information.
